Night Scenes in the Bible.

Many of the most affecting and important scenes described in the Bible, transpired under the splendors of oriental night. Sodom and Egypt, Beersheba and Babylon, Carmel and Gilboa, Olivet and Emmans, Jerusalem and the sea of Galilee, have each by night, been witnesses of the power and glory of the omnipotent Jehovah.

The author of "Night Scenes in the Bible," has followed the shadow of night across the landscape of divine revelation, and grouped together the sacred scenes which are made awful or impressive by the mantle of darkness.
